LABOUR MIGRATION WITHOUT RISKS

LABO Deluxe

Every moment, around the world, people leave their countries in search of a safer or better life. Globally, more than 214 million people are on the move. Many flee difficult conditions only to face even greater struggles, including human rights violations, poverty and discrimination. But these migrants have more than fear and uncertainty; they also possess hopes, courage and the resolve to build a better life. With the right support, they can contribute to society's progress.
